

University of Oviedo

## XXXIII Annual Seminar on Automation, Industrial Electronics and Instrumentation SAAEI'2026 "Three Minute Thesis" Competition

### Who is it for?

- ▶ PhD candidates in the fields of automation, industrial electronics and instrumentation.
- ▶ PhD graduates who defended their doctoral thesis during the 2025/2026 academic year in the fields of automation, industrial electronics and instrumentation.

### How to participate?

- ▶ PhD candidates/graduates attending only the competition: They may participate within SAAEI without paying a registration fee and will only be entitled to attend the seminar sessions and lunch on the day of the competition.
- ▶ PhD candidates/graduates registered for SAAEI (either as attendees or presenting a paper) who also participate in the competition.

### Envío de Contribuciones

- ▶ Contributions must be uploaded to the SAAEI website through the following link: ["Three Minute Thesis"](#)
- ▶ Contributions may be submitted until **June 15, 2026**.

### Registration

- ▶ There is no registration fee to participate in the contest
- ▶ The Spanish section of **IEEE-Woman in Engineering** could finance the trip for **doctoral students who need it along with the event registration** (depending on the number of applications and budgets).
